DAY CHARTER TO COZUMEL — \$1899 BASE RATE

Departing from Puerto Aventuras we breeze across the Yucatan Channel to the coastline of Cozumel. After reaching the coastline, we cruise slowly south passing by the beautiful scenery as we get to the completely tranquil and secluded waters of El Cielo.

We anchor in the beautiful shallows on the west side of the island where guests swim, snorkel (the location is not as busy with fish for snorkeling as Inah Reef, this is more of a swim/relax/private bay trip), paddle board, high dive and enjoy what we believe to be the most spectacular anchorage in the entire region.

El Cielo is my absolute personal favorite location that we charter to.

Guests will arrive at the dock, greeted with cocktails and our friendly crew. They will then head out of Puerto Aventuras for a short cruise along through the canals and a little loop outside in open waters (conditions permitting), enjoying unlimited open bar of top shelf liquors.
